

CREATION WEEKEND 2024

OUR REQUIRED RESPONSE TO THE AWESOME CREATOR

Friday October 25 & Saturday October 26, 2024
Providence Canadian Reformed Church
12905 122 Avenue NW - Edmonton

Featuring
Dr. Kurt Wise
Director of Creation Research Center
at Truett McConnell University

What everybody must understand, declares eminent scientist and Christian apologist **Dr. Kurt Wise**, is that the study of nature is reasonable and logical only when one approaches this discipline from a Biblical worldview. It is this scientist, that CSAA is excited to present as our featured speaker for **Creation Weekend October 25 and 26, 2024!!**

Dr. Kurt Wise, fossil expert and Christian apologist, really needs little introduction. Many people know that he graduated from Harvard University in paleontology, and that at Harvard he interacted with many important names in science, especially in origins theories.

Dr. Wise has carried out fieldwork in early Flood rocks in the Death Valley region, late Flood rocks in Wyoming and post-Flood caves in Tennessee. He wrote two widely acclaimed books: *Faith, Form and Time* (2002) and *Something from Nothing* (2004), both unfortunately out of print. However, in 2018, he published a new textbook on biology: *Devotional Biology: Learning to Worship the Creator of Organisms*. This text is a discussion on the significance of biological phenomena in the light of God's Word.

Dr. Wise is so knowledgeable. He is a valuable resource and you can **hear him in person, for free, in Edmonton**, and glean at first hand, some of these wonderful insights!

Mark your calendar and see our website for details.

Friday 8:00 PM

Dinosaurs: Insight into Biblical History (especially perfect for youth and families)

Saturday 10:00 AM

Broken Cycles (why there is no good scientific reason to reject the Bible's claim of a young creation)

Saturday 11:30 AM – 12:15 PM - Annual General Meeting

Saturday 12:15 – 1:15 PM - Lunch break

Saturday 1:15 PM

Compelling Creator (Whom do we worship, the Creator or created things?)

Saturday 2:30 PM

Conference Round-up:
Where to Now?

Saturday 3:00 PM

Meet and Greet
